

PECB GDPR

Certified Data Protection Officer

Develop the competencies and knowledge necessary to lead all the processes to comply with the requirements of the General Data Protection Regulation (GDPR) in an organization.

Why should you attend?

The Certified Data Protection Officer training course enables you to develop the necessary knowledge, skills and competence to effectively implement and manage a compliance framework with regard to the protection of personal data.

After mastering all the necessary concepts of the General Data Protection Regulation (GDPR), you can sit for the exam and apply for a “PECB Certified Data Protection Officer” credential. By holding a PECB Certified Data Protection Officer Certificate, you will be able to demonstrate that you have the practical knowledge and professional capabilities to assist organizations in applying data protection laws and regulations.

General information

Participants will be provided with the training material containing over 450 pages of explanatory information and practical examples.

An Attendance Record worth 31 CPD (Continuing Professional Development) credits will be issued to the participants who have attended the course.
